

Aldhi Nur Rochman, S.Kom.

Graduated in Informatics from the National Institute of Technology Bandung with a GPA of 3.36. A disciplined, adaptive individual, able to work both in teams and independently, and responsible in performing tasks.

WORK EXPERIENCE

Information Systems Staff **Directorate of Facilities and Infrastructure** **Bandung Institute of Technology (ITB)** **April 2023 - Present**

As a Fullstack Developer, I am responsible for managing and developing information systems at the ITB Directorate of Facilities and Infrastructure, including ITB Dormitory System, ITB Facility Rental System, Budget Monitoring System, and Asset Monitoring System.

- **Frontend:** Applied HTML, CSS, jQuery, and JavaScript to design responsive and user-friendly interfaces.
- **Backend:** Utilized PHP and frameworks such as Laravel and CodeIgniter to develop and manage stable and efficient backend systems.
- **Database:** Proficient in managing MySQL and PostgreSQL databases, including query optimization and database structure design to ensure maximum application performance.
- **API & Cloud Integration:** Skilled in managing REST APIs, with integration into cloud platforms like Azure and Google Cloud to enhance application performance and scalability.
- **Server Management:** Responsible for configuring and maintaining servers using Windows Server and Ubuntu Server, ensuring smooth system operation and data security.

Web Developer

PT. Ayo Media Network

June 2018 - August 2018

- Designed and developed frontend using HTML, CSS, jQuery, and JavaScript to create engaging and interactive website interfaces.
- Implemented backend using CodeIgniter to ensure optimal website functionality.
- Focused on user experience (UX) by designing responsive interfaces across various devices.

Other Experience

I have worked as a Technician at PT. Telkom Akses (May 2015 - July 2015), performing installations and configurations of Indihome Fiber Optic networks, and as an IT Support at the Center for Metallurgy and Machinery (June 2014 - August 2014), handling hardware maintenance and Mikrotik network configuration.

Additionally, I am proficient in video and image editing using Adobe Premiere Pro, After Effects, and Photoshop, and capable of using Figma for system and interface design.

SKILLS

Frontend Development:

HTML, CSS, JavaScript, ReactJS, VueJS, jQuery

System Design & Development:

Desain Sistem, Hardware, Software, Network

DevOps & Infrastructure:

Ubuntu, CentOS, Windows Server

Multimedia:

Editing Video & Photo

EDUCATIONAL BACKGROUND

Bachelor of Computer Science **(S.Kom)**

Institut Teknologi Nasional
Bandung

Major: Informatics

GPA: 3.36 / 4.00

Graduation Year: 2022

Vocational High School

SMK Merdeka Bandung

Major: Computer and Network
Engineering

Graduation Year: 2012

ORGANIZATIONAL EXPERIENCE

Involved in organizing events and activities for Informatics Engineering students.
2016 - 2019
